Jungle Nama PDF by Amitav Ghosh Book Summary: Jungle Nama is Amitav Ghosh's verse adaptation of an episode from the legend of Bon Bibi, a tale popular in the villages of the Sundarban, which also lies at the heart of the novel The Hungry Tide. It is the story of the avaricious rich merchant Dhona, the poor lad Dukhey, and his mother; it is also the story of Dokkhin Rai, a mighty spirit who appears to humans as a tiger, of Bon Bibi, the benign goddess of the forest, and her warrior brother Shah Jongoli. The original print version of this legend, dating back to the nineteenth century, is composed in a Bengali verse meter known as dwipodi poyar. Jungle Nama is a free adaptation of the legend, told entirely in a poyar-like meter of twenty-four syllable couplets that replicate the cadence of the original. The first-ever book in verse by Amitav Ghosh, Jungle Nama evokes the wonder of the Sundarban through its poetry, accompanied by stunning artwork by the renowned artist Salman Toor. This is an illuminated edition of a fabulous folk tale that every book lover will want to possess. The blending of history with fiction can at times be a heady combination; it could either give one a high or leave you high and dry It has its moments where it's able to quench the thirst of a history while there are literary bits and pieces, which are sheer delight for a fiction lover. In the words of the writer himself one can examine the truths of individuals in history definitely more completely in fiction than one can in history. History on the other hand is facts and one can't play with facts or can't twist them according to the whims and fancies of their own liking. Please make a comment if the link is not working for you.
